

2015
MEPEC
MIDDLE EAST PROCESS ENGINEERING
CONFERENCE & EXHIBITION

12 July 2015

**LEWA Committee
Chairperson**

Nabilah M. Al-Tunisi
Chief Engineer, Engineering,
Saudi Aramco

Committee Members

Dr. Najah Y. Ashry
Vice President Saudi
Initiatives, King Abdullah
University of Science and
Technology

Reem Al-Ghanim
Division Head, Saudi Aramco

Dr. Hadil Abukhalifeh
Research & Teaching
Associate, Petroleum
Institute

Tarnbir Kaur
Managing Director, PMI UAE
and Chapter Relations, MEA,
Project Management
Institute - PMI

Dr. Majeda Khraisheh
Director - Qatar University
Honor's Program and
Associate Professor -
Department of Chemical
Engineering,
Qatar University

Maria-Jose Nadeau
Chair, World Energy Council
-WEC

Dr. Ghada Salama
Chemical Engineering
Program, Texas A&M, Qatar

Dr. Afreen Siddiqi
Research Scientist, Eng.
Systems Division,
Massachusetts Institute of
Technology

Noof Alkhulif

Dear Colleague,

I am writing to you in my position as the Leadership Excellence for Women Awards (LEWA) Chairperson, encouraging you to nominate women achievers from your organization. LEWA represents a strong focus on investing in the present and the future of process engineering in the Middle East.

LEWA is an award program dedicated to recognizing professional excellence in women from the Oil & Gas Industry. An industry initiative of the 3rd Middle East Process Engineering Conference (MEPEC); LEWA celebrates women who demonstrate innovation, leadership and talent, in both academic and business sectors of the industry.

There are three award categories, dedicated to women academicians, engineers and technical experts. The awards are judged by industry experts chosen from partners and committee members of MEPEC.

The contribution of your organization will be of great value to help promote and enhance awareness of a key event that is essential to celebrating and developing leadership of women in the industry.

Nominate yourself or a lady you know from the industry that has demonstrated leadership excellence. The award winners will be announced and honored at the MEPEC 2015 event. You can visit www.lewa-awards.org for further details.

I take this opportunity to thank you in anticipation of your support. Please contact raunaq@mee-events.com should you need further clarifications.

Please accept the assurances of my highest consideration and respect.

Yours Sincerely,

Nabilah M. Al-Tunisi
Chief Engineer, Engineering, Saudi Aramco
Chairperson LEWA 2015 Committee
